JAN. 8TH - 12TH, 2012

UNLIMBITEDCAMP.ORG

Un-Limb-ited Amputee Camp

The Un-Limb-ited ski and snowboard Camp is staffed by members of physical therapy, recreational therapy, nursing and prosthetics, offering a unique opportunity for high school aged young adults with amputations to experience Utah's best snow on earth. From **January 8th through the 12th**, participants will receive professional instruction from the National Ability Center. Through additional activities, campers will have opportunities to interact with both their peers and staff members. As a group, they will explore issues common to teenage amputees while developing skills for future success.

Registration

There is no cost to participate in this camp.

Camp covers all equipment, food, lodging, and activities for five days and four nights.

Camp happens at the

National Abilities Center and Park City Mountain Resort.

Registration form and essay

must be received by October 15th to guarantee

consideration for this years camp. All applicants will be notified regarding their

application status no later than December 1st.

Un-Limb-ited and Shriners Hospital

The Un-Limb-ited Amputee Camp is made possible by Shriners Hospitals for Children and our sponsors. Our organization has a history of serving individuals ages 0-18 with disabilities, including those with amputations, regardless of patient or patient family's ability to pay. Un-Limb-ited focuses on young adults by encouraging them to better understand the use of their prosthetics through activities and sports. Camp also provides the opportunity to discuss with staff and peers issues common to teenage amputees. Shriners Hospital for Children seeks to help its patients reach their full potential beyond treating their orthopedic conditions, by helping patients adjust to their current disability through skills training, and recreational and therapeutic activities.
